

Remarks

In reply to the Notice of Drawing Inconsistency with Specification mailed September 22, 2009, Applicants amend the specification to remove any reference or description associated with Figure 3c.

Applicants believe the proposed specification and drawing are in condition for publication and such action respectfully is requested. If the Publication Division has any matter outstanding for resolution, she is encouraged to telephone the undersigned for expeditious handling.

Respectfully submitted,

Date: October 2, 2009
